

PLAY2LEARN

STAY PLAY CONNECT

Open Play - Wednesdays 11:00 - 12:30

Stay, Play & Connect is a relaxed, welcoming open play session where caregivers and children (age 2 to 4) come together to play, connect, and grow. Caregivers stay and actively play with their child while connecting with other caregivers. Each session includes the opportunity to talk with an Advanced DIRFloortime® provider, who will share tips and model strategies to support your child's growth and development.

What is DIRFloortime®

DIRFloortime® is a relationship-based approach that celebrates each child's unique way of learning and growing.

It emphasizes the power of connection and play as the foundation for development.

Facilitated by Jennifer Deady

Jennifer is an Advanced DIRFloortime® Provider and Early Childhood Educator who specializes in supporting neurodivergent children through the power of play.

**Six Wednesdays
November 5th - December 17th**
